Useful Websites

The internet is full of information resources for you to use for your studies. *Anyone can (and many do!) set up a website just to fool people/promote their own point of view, so you need to be careful about which internet sources you use.*

- **Mintel**

A collection of market research reports, news and other databases providing market, product and company information

These reports are VERY expensive, but are available to **access online free of charge** via Manchester Central Library in the Information and Business Library.

You will have to join Manchester Central Library to use Mintel, but this is **free of charge**.

Ask Learning Centre staff for details on joining Manchester Central Library.

Books

Your teacher will recommend key books that you should read as part of your studies: most of these should be available in the Learning Centre. To find books you need to search using the **Library Catalogue**.

The catalogue is on the Learning Centre website at <https://intolearningcentre.co.uk/>

The Library Catalogue gives you the “Dewey number” of the book. This will help you find it on the library shelf as all books in the Learning Centre are organised in Dewey number order. The Dewey number for marketing is **658.8**

Details on how to use in ***Guide 4 Finding a Book in the Learning Centre***
